About Aon

Aon Corporation

Corporate Governance History and Facts Business Structure Headquartered in Chicago, Aon Corporation is a leading provider of risk management services, insurance and reinsurance brokerage, human capital and management consulting, and specialty insurance underwriting. A key advantage is our broad view of the insurance industry. With an employee base of 43,000 people working in 500 offices in more than 120 countries, we can anticipate how changes in one sector can impact another, empowering us to integrate our services while leveraging our expertise across hundreds of disciplines around the world.

One of our core values is always maintaining a client focus. We recognize the unique needs of different client groups and our professionals specialize by product, function, and client industry – all coordinated by strategic account managers, or relationship managers, who factor in a holistic view of the client's needs. By truly listening to our clients and working with them as a partner, we can best develop solutions that work seamlessly with their business. Only in this manner can we help clients uncover risks and discover new opportunities to make their businesses more successful, now and into the future.
